

Roxette - It Takes You No Time To Get Here

Tom: C

(Words & music by Per Gessle)

Why don't you take the rest of the day off?
 You do deserve a break. Follow that road, it ain't long.
 Just cross that silver lake.
 Yea, pass the pond, the off white fence.
 When you see the mailbox to the left.
 You've made it all right, no way to go wrong.
 All you do is blow that horn.

It takes you no time to get here.
 Just drive out of town today.
 It takes you no time to get here.
 And when you arrived you might as well stay.
 You might as well stay.

Why don't you leave your desk for a short while?
 You do deserve some time.
 Enjoying the other side of life. You forgot to memorize.
 Stay in the sun, reach for the moon.
 Make a little love in the afternoon.
 You're doing all right, no way you go wrong.
 This is the place where you belong.

It takes you no time to get here.
 Just drive out of town today.
 It takes you no time to get here.
 And when you arrived you might as well stay.
 You might as well stay.
 It takes you no time.
 No time to get here.
 It takes you no time.
 No time to get here.

It takes you no time to get here... (C Gm Dm F G) (2x)

It takes you no time to get here
 Just drive out of town today
 It takes you no time to get here
 And when you arrive you might as well stay
 It takes no time to get here
 Baby just drive out of town today
 It takes no time to get here
 When you arrive you might as well stay
 You might as well stay
 My my my my...just drive out of town today
 It takes no time to get here
 it takes no time to get heeeere...
