 But in a quiet moment her beauty starts to shine

 and every night I'm thankful that she's mine

 oh-oh that she is mine

And she was born to love me in her gentle way
D **C** **G**
 born to love me each and everyday

C
 Born to love me born to hold me tight
D **C** **D** **G**
 born to love me everynight, everynight

I've learned it doesn't matter what other people see
 it's what I feel for her and what she feels for me
 She's made my life worth living because she understood
 that love is made for giving, she's so good
 oh-oh she's so good

Chorus 2X and fade
