

Roy Orbison - Here Comes That Song Again

Tom: **A**

Bm **D** **E**
Here comes that song again
E7 **A** **E** **A**
They're playing that song again
Bm **D** **E**
I guess it will never end (never end)
E7 **A** **E** **A**
They're playing it again

Here comes that song again
Here comes that old ache again
The story of my life begins

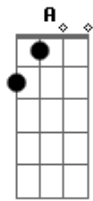

They're telling it again

A **Gb** **Bm**
I'll have to leave I can't bear it anymore
E7 **A** **Bm** **E7**
There must be a place where they'll play a different score

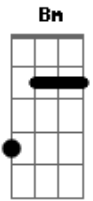

Here comes that song again
The jukebox must have found a friend
My heart will never mend
They're playing it again

Instrumental verse
Here comes that song again
The jukebox... and fade

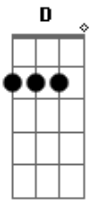

Acordes
