

# Roy Orbison - Mystery Girl

Tom: C

The chords are simple: C F C G

C Darkness falls and she F C  
G Will take me by the hand C

Take me to some twilight land  
Where all but love is gray  
And I can't find my way  
Without her as my guide

F G  
Night falls, I'm cast beneath her spell G

C Daylight comes, our heaven turns to hell

F C G  
Am I left to burn and burn eternally  
She's a mystery to me

She's a mystery girl  
A mystery girl  
She's a mystery girl  
A mystery girl

And in the night of love  
Words tangled in her hair  
Words soon to disappear  
A love so sharp it cuts  
Like a switchblade through my heart

Words tearing me apart

F G F  
She tears against my bleeding heart G

C Try to run but she's pulling me apart

Fallin angel cries  
And I just melt away  
She's a mystery to me

F She's a mystery girl  
A mystery girl  
She's a mystery girl  
Sheeeeeeeeeeeee's a mystery girl

Wanted by her side  
It's the darkness in her eyes  
That so enslaves me  
And if my love is blind  
Then I don't want to see  
She's a mystery to me

Night falls, I'm cast beneath her spell  
Daylight comes, our heaven turns to hell

Am I left to burn  
And burn eternally  
She's a mystery to me

She's a mystery girl  
A mystery girl  
She's a mystery girl  
A mystery girl
