

# Roy Orbison - Paper Boy

Tom: **A**

**A** **Dbm**  
I walk down to the blue side of town  
**D** **E** **A**  
Where there's no happiness, no joy  
**Dbm**  
Down at the end of a long dark street  
**D** **E** **A**  
I saw a little paper boy  
**A**  
Paper boy paper boy  
**E7** **A**  
I've got bad news for you  
Paper boy paper boy  
**E7** **A**  
Me and my baby are through  
**D** **E**  
She was my love my one and only  
**D** **E**

I feel so bad I'm oh so lonely  
**A** **E7** **A**  
I'm looking for my love

I've got my own headlines for today  
They've been the same since she went away  
"One dark haired angel disappears  
Seems like She's been gone a million years"

Paper boy Paper boy  
So long goodbye  
Paper boy paper boy  
Thanks for listening while I cry

I feel a little better now that someone knows  
But I will go on looking forever, I suppose  
I'm looking for my love

Extra extra read all about it  
My baby's gone and I wanna shout it  
I'm looking for my love  
I'm looking for my love....
