

Roy Orbison - She Won't Hang Her Love Out (on The Line)

Tom: **D**

D She come from Kansas City, lookin' **G** mighty pretty

She's as sweet as Kansas City wine **D**

Oh, it's such a pity, she won't **G** wanna kiss me

She won't hang her love out on the line **D**

No, she won't hang her love out on the line **G**

G A mystery to me, she's not what you see **A**

She's a strong, mighty woman who loves to disagree **D**

If I could just talk to her, I know that I could fool her

But she won't hang her love out on the line **D**

She don't care for nothin' she holds onto her lovin'

I wonder if she'd ever change her mind?

I'll fall in behind her, hopin' that I find her

When she hangs her love out on the line

When she hangs her love out on the line

A mystery to me...

I'd take her lovin', I'd take her lovin'

I'd take her lovin' anytime

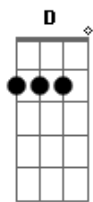

I want her lovin', I need her lovin'

but she won't hang her love out on the line

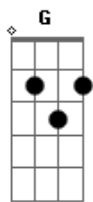

No, she won't hang her love out on the line

she won't hang her love out on the line
