

Roy Orbison - You May Feel Me Crying

Tom: **F**

F
When we make love you know we're making love
Am **C**
To everyone we've ever made love to
F
So when you take him down inside
Bb **Am** **C**
Just know I'm there with you

Chorus:
Dm **C** **F**
And you may feel me crying
Dm **C**
And oh, I hope you do
Gm **Dm** **C**
I'm out there somewhere all alone with memories of you
Dm **C** **F**
And you may feel me crying
Dm **C**
While you're reaching for more
Bb **Am** **Gm** **C**

I just hope someday I see you standing at my door
F
It's something I live for

They'll fill you up, I know, with shining dreams
It'll touch your heart, because you thrill them so
But there's a place they'll never touch
Just you and I can know

Chorus

Bb **Am** **C**
There are stronger men than me
Bb **Am** **C**
And they'll take you on a mountain
And give you all you see **Bb**
And you'll do what they desire **C** **Bb**
You were born to see how long your hand can stand the fire **C**
Chorus

Acordes
