

Royal Otis - Car

tom:
 [Primeira Parte]
 Wouldn't wanna waste your time
 Call you if I change my mind
 I'm trying not to be unkind
 Still wanted you back on my side
 Never wanna make you cry
 [Pré-Refrão]
 Pretending everything's all right
 Couldn't have you on my doorstep
 I wouldn't wanna waste your time
 [Refrão]
 Yeah, I'll meet you in the car on the corner
 But we know it's gotta change sometime
 You know I love the taste of your water
 But I think it's time we say goodbye
 Yeah, I'll meet you in the car on the corner
 But you're never gonna change my mind
 You know I wanna stay but you gotta
 Leave it because it don't feel right
 This time I'll ride
 [Interlude]
 D G7M x2
 [Segunda Parte]
 Slipping through the streets all night
 Still bruising from your chalk skin bites
 Meet you in the car for five
 Not sleeping at your place tonight
 Monday's always on my mind
 [Pré-Refrão]
 Pretending everything's all right

Acordes

Couldn't have you on my doorstep

 [Refrão]
 Yeah, I'll meet you in the car on the corner
 But we know it's gotta change sometime
 You know I love the taste of your water
 But I think it's time we say goodbye
 Yeah, I'll meet you in the car on the corner
 But you're never gonna change my mind
 You know I wanna stay but you gotta
 Leave it 'cause it don't feel right
 This time
 [Ponte]
 Shouldn't let you stay
 We've taking this too far
 It's tearing me apart, part this time
 Couldn't let you stay
 You know I hate this game
 It's tearing me apart, part
 [Refrão]
 Yeah, I'll meet you in the car on the corner
 But we know it's gotta change sometime
 You know I love the taste of your water
 But I think it's time we say goodbye
 Yeah, I'll meet you in the car on the corner
 But you're never gonna change my mind
 You know I wanna stay but you gotta
 Leave it because it don't feel right
 This time I'll ride
