

## Royel Otis - more to lose

```
tom:
Intro: A Gbm E B
[Primeira Parte]
When will this slow down?
Faded in your room
Record plays too loud
Over way too soon
Call me to come 'round
Late but always do
Sneaking through your window
With more to lose
[Refrão]
If there's a world where I'm living without you
Then that's a world where I shouldn't be
I find it hard not to worry about you
I close my eyes, try to fall asleep
I don't know why I find it hard to explain
The way it feels in between your teeth
If there's a wild world where I'm living without you
I wanna stay where it's you and \ensuremath{\text{me}}
You and me
[Segunda Parte]
When will this slow down?
Faded in your room
Noises to block out
Creep up too soon
[Pré-Refrão]
```

Don't even know what you're doing to me You play it cool for the first fifty We'll sneak around in th? photo booth We'll say goodbye when it's just not tru? [Refrão] If there's a world where I'm living without you Then that's a world where I shouldn't be I find it hard not to worry about you I close my eyes, try to fall asleep I don't know why I find it hard to explain The way it feels in between your teeth If there's a wild world where I'm living without you I wanna stay where it's you and me You and me [Ponte] You and me [Final] If there's a world where I'm living without you Then that's a world where I shouldn't be I find it hard not to worry about you
