

## **Royel Otis - Who's Your Boyfriend**

```
tom:
Intro: C G C G D
[Primeira Parte]
Keep on choosing
To forget him
Why do I have a pet name
If we're just friends?
I could break him
Well probably not but
He bailed on your birthday
And you're callin' me up a lot so, baby
[Refrão]
Who's your boyfriend now?
'Cause you're sleepin' with him
But it's me you're thinkin 'bout
You never say his name out loud
If you're honest with yourself for just a second
Really no question, who's ya boyfriend now?
[Interlude] C G C G

[Segunda Parte]
I can't want you
And I won't ghost you
And I can't make sense of
What's in your head
[Pré-Refrão]
'Cause I've been hanging out with your dogs and your friends
So, tell me what message are you trying to send?
I'm on "Do Not Disturb"
So I guess that he's in town, right now
