Tu sempre engole seu apreço

E desiste de gostar

Por sentir o menosprezo

Já reparei que cê esconde

Um raivoso animal

Nesse olhar de desespo

Te ouvindo reclamar todo dia aos prantos:

Meu bem, há tanta coisa sobre mim

De fora pra dentro que meus ombros não aguentam

Há tanta coisa sobre mim de dentro

Pra fora que uma hora eu vou explodir

E uma hora eu vou explodir

Sei que reside em cada abraço
E por confiar demais, morre um pouco
E não esquece

Vai, fecha o coração doente
Mas no fundo só quer mais
Que o mundo desacelere

E vira e mexe na hipocrisia
Acha que só estanca a sangria

Na hora de misturar a água do chuveiro com as lágrimas de dor

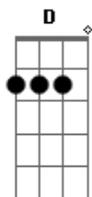

Tá berrando que não pediu pra ser o primeiro

Implorando por ajuda pois está com medo

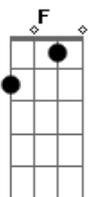

Diz uma hora eu vou explodir

E uma hora eu vou explodir
