

Rudy Mancuso - Lento

```
Intro: Ebm Bbm Ebm Bbm
I really need to get out of my head
But I just keep replaying what she said
I don't like the pressure, I'm just gonna stay in bed
The wheels gotta turn, that's what they say
Bbm
I'm laying here alone and that's okay
                                               Bbm
         Ebm
I'm just below the moonlight, floating over Monterrey
Sometimes I get so lazy
Sometimes I go so slow
Sometimes I act so crazy
Sometimes I feel so low
Sometimes I get so lazy
Sometimes I go so slow
