tom:

C

Be, be, be, be compe- ('petent)

Be, be, be, be compe- ('petent)

Be, be, be, be compe- ('petent)

Be, be, be, be, like ('petent)

What's a way to be, be, be ('petent)

Like, what's a way to be, be, be ('petent)

Like, what's a way to be, be, be ('petent)

Like, what's a way to just be competent?

-Ble, -ble, competent

-Ble, -ble, compe-, compe-

-Ble, -ble, compe-, compe-

-Ble, -ble, compe-, compe-

Be, be, be, be compe- ('petent)

Be, be, be, be compe- ('petent)

Be, be ('petent)

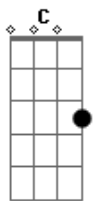

Just watch me moving far away

Nobody even knows my name, and

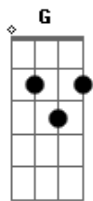

No one suspects that I'm not fine, and

Nobody outs behavioral Frankenstein

Just look at Victor in L. A

And Syd with the Y at you of A

And all the majors at the labels

Rebootin' soon as I am able

Every other day, I'm wonderin'

What's a human being gotta be like?

What's a way to just be competent?

These sweet instincts ruin my life

Every other day, I'm wonderin'

Was it a mistake to try and define

What I'm certain's mad incompetence?

These sweet instincts ruin my life

Da-da-da-da-da-da-da-da-da-da

Da-da-da-da-da-da-da-da-da-da

Da-da-da-da-da-da-da-da-da-da

These sweet instincts ruin my life

Da-da-da-da-da-da-da-da-da-da

Da-da-da-da-da-da-da-da-da-da

Da-da-da-da-da-da-da-da-da-da

These sweet instincts ruin my life
