Love HER LIKE I DO (AVA'S SONG)

Russel Allen

Tom: E

Eadd9
Every day she wakes up and begins to have a conversation

Aadd9
With herself

Eadd9
Little pig and teddy bear sit beside her glasses there

Aadd9
Upon the shelf

Badd9 **Aadd9**
Grabbing all her toys, she lines them up in rows

Badd9 **Aadd9**
Flying out the door, running barefoot in the snow

Eadd9
There she goes

Eadd9
She likes to go out in the garden and pretend that she's the leader

Aadd9
Of the band

Eadd9
Singing to her favorite tune, tugging on a big balloon

Aadd9
With dolls in hand

Badd9 **Aadd9**
The places in her mind is where she likes to hide away

Badd9 **Aadd9**
But inside her heart I know she's dying for someone

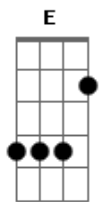

Eadd9
To come and play

Eadd9
Periwinkle, lavender

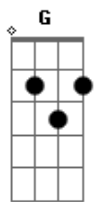

Dbm **Aadd9**
Violets, many shapes all talk to her and say

It's okay

Badd9 **Eadd9**

A??a...va

Eadd9

She sits alone and stares out of the windows in the bus

Aadd9
On the way to school

Eadd9
She says it doesn't matter when the bullies laughing at her

Aadd9
Kids can be so cruel

Badd9 **Aadd9**
Daddy I don't understand the way I'm supposed to be

Badd9 **Aadd9**
When we're on the playground all the kids are having fun

Eadd9
But not with me

Eadd9
Colors dancing to the Sun

Dbm **Aadd9**
Of rainbow tears falling upon the ground

And I can't help but sigh

Badd9
And pray that she will be alright

Eadd9
If I could make one wish come true

Dbm **Aadd9**
I'd bring her to a world where everyone knew her name

And played her games

Badd9 **Eadd9**
And love her like I do

SOL0: **Eadd9** **Dbm** **Aadd9** **Badd9**

Eadd9
If I could make one wish come true

Dbm **Aadd9**
I'd bring her to a world where everyone knew her name

And played her games

Badd9 **Eadd9**
And love her like I do
