

Ruston Kelly - Hollywood

tom:

Ab (forma dos acordes no tom de G)

Capostrate na 1ª casa

[Primeira Parte]

I hate this bar I hate this town
 I always find you in this crowd.
 Whiskey double ginger back
 Numb me before I crack

The day's been just a losing fight
 Drunk in Hollywood tonight

[Refrão]

You got me in the palm of your hand
 Maybe I will lose who I am

Cause I'm only hanging on by a string
 You ain't ready to cut me free

Got me in the palm of your hand

[Segunda Parte]

Baby all your words they kill
 And I've run out of all these pills
 I'm getting thinner getting tired
 I give an inch and you take a mile
 And I can't keep going back and forth
 Real love ain't no swinging door

[Refrão]

You got me in the palm of your hand
 Maybe I will lose who I am

Cause I'm only hanging on by a string
 You ain't ready to cut me free

Got me in the palm of your hand

Shot this plane it's going down
 I hate this bar I hate this town
