

# Ruth B. - Slow Fade

tom:  
D (forma dos acordes no tom de C )  
Capostrate na 2ª casa

Late nights, are you sleepless too?  
Wide awake in the starless blue  
Staring up at the ceiling  
Do you feel what I'm feeling?  
Little fights at the weekend do  
You love me better when I'm not with you  
We were built like concrete  
I used to know your heartbeat  
The light has disappeared  
The dust has settled here  
But still I want you near  
So I've been waiting for that slow fade  
Kinda hoping that you won't stay  
There's no color in us lately  
And it's too hard to say  
I've been praying that we'll lose our love in slow fade  
Crazy how it was me and you  
From the start of the sun and moon  
Held each other through it  
We were young and foolish

Now we're dancing like we're done  
We found the end of the moon and sun  
Was it always like this  
'Coz now it's always like this  
The light has disappeared  
The dust has settled here  
But still I want you near  
So I've been waiting for that slow fade  
Kinda hoping that you won't stay  
There's no color in us lately  
And it's too hard to say  
I've been praying that we'll lose our love in slow fade  
Maybe I'll find you again, maybe I won't  
I think for now that it's best if we let it go  
I hope you get all you want out of this life  
Even if it's not with me by your side  
So I've been waiting for that slow fade  
Kinda hoping that you won't stay  
There's no color in us lately  
And it's too hard to say  
I've been praying that we'll lose our love in slow fade  
I've been praying that we'll lose our love in slow fade
