Intro: D7M G D

There's a garden where I go
If you meet me there, no one will know
In the springtime, in the sun
We can be alone without anyone
(D7M G Gbm G)

All the butterflies and the birds
Keep our secret, no they won't say a word
But they watch us, and they know

And they're happy as they see our love grow
We'll sit for a while
As I drink in your smile
It feels like a dream that's come true
My head starts to buzz

And my heart fills with love
Over you
Baby can't you see?
You could be with me
We could live inside a garden of ecstasy
You could be my queen
I could be your dream
Life's like a fantasy
Maybe set me free
Let me be your bumblebee

Now the flowers are in bloom
And you've chased away my darkness and gloom

When the wind blows through the trees
And your voice is like a song in the breeze

My doubts disappear
Every time that you're near
Clouds seem to run from the sky
The thought of your kiss
Sends my soul into bliss
I get high
Baby, can't you see?
You could be with me
We could live inside a garden of ecstasy
You could be my queen
I could be your dream
Life's like a fantasy
Maybe set me free
Let me be your
Like a serenade, every word you say
Has me fallin' more and more in love with you
Like a Purdie beat, you are oh so sweet
Everyday is sunny
Tastes like honey
Feel so alive, take me back to the hive
