 Sun came up

 Sun went down  
**A** **E**  
 Looking for reasons in my head again  
 ( **Abm** **Gbm** **E** )

**E**  
 Where are you now  
**B**  
 Where you've always been  
**A**  
 Far from where I am  
**Gbm** **E**  
 Did I keep you there or did you run  
**E** **B**  
 Was it what I didn't do or was it what I done

[Refrão]

**A**  
 I been hanging out alone  
**Gbm**  
 Living on my own  
**E** **B**  
 Just breathing my heart's for you  
**A**  
 Thought we'd try to build a home  
**Gbm**  
 Turns out I was wrong  
**E**  
 I was just leaving  
**B**  
 Leaving like I do  
**A**

Leaving like I do

[Segunda Parte]

**E** **B**  
 Words came out and they fell to the floor  
**A**  
 And I prayed to the heavens they'd go back  
**E**  
 In again  
**E**  
 Such a simple solution  
**B**  
 Turn back around  
**A** **E**  
 Little bit of sugar and we're good again  
**A** **E**  
 Did I talk too much or not at all  
**E**  
 Something must be wrong with my head  
**B**  
 Cause I can't recall
