

# Sabrina Carpenter - Hands (feat. The Vamps)

tom:  
Gbm

Come on lay your hands  
Your hands on me

We don't have to talk  
Cause talk is cheap  
In the dark silence so loud  
You only gotta lay your hands on me

A D  
You say you're better with your  
Hands yeah yeah yeah  
Hands yeah yeah yeah

You say you're better with your  
Hands yeah yeah yeah  
Hands yeah yeah yeah

I've been thinking about it  
I've been thinking all night  
Every time I try to learn your body language  
Never get it right  
You're so hard to read baby  
So I turn off the light

And we just drop that dress to the floor  
We can talk until sunrise  
I've been thinking about it  
The way that you blow my mind  
I've been thinking about it, all night

A  
Come on lay your hands  
Your hands on me

We don't have to talk  
Cause talk is cheap  
In the dark silence so loud  
You only gotta lay your hands on me

You say you're better with your  
Hands yeah yeah yeah  
Hands yeah yeah yeah

You say you're better with your  
Hands yeah yeah yeah  
Hands yeah yeah yeah

Don't tell me about it  
Keep on blowing my mind  
Cause your lips are made for kissing baby  
So I put them on mine  
No conversation  
I've heard every line  
So leave your shit at the door

Gbm  
Come on lay your hands  
Your hands on me  
We don't have to talk  
Cause talk is cheap  
In the dark silence so loud  
You only gotta lay your hands on me

B  
You say you're better with your  
Hands yeah yeah yeah  
Hands yeah yeah yeah  
You say you're better with your  
Hands yeah yeah yeah  
Hands yeah yeah yeah
