

## Sabrina Carpenter - Such A Funny Way

tom:  
D  
G7M  
Must be that you want me  
D A  
So much that you don't have the words  
G7M  
Keep me far from friends and family  
D A  
Baby, that's just one of your quirks  
G7M  
And if distance makes you fonder  
D A  
I'm flattered by the distance you seek  
G7M  
Yeah, you know just how to thrill me  
A7  
Oh, honey, how you kill me  
D D7M  
You have such a funny way  
Bm7  
Of saying: I love you  
G  
Forgetting me more every day  
Em A7  
It gets me every time  
D D7  
When I call you, but you're not replying  
Bm7  
Oh, I'm sure you're busy 'cause you're trying  
G D Em  
To show me I'm the girl you long for every day  
A7 D  
You have such a funny way  
( G D )  
G  
My sweater from the night we met  
How sweet that you're returning it  
D  
Oh, what a lovely sentiment  
You said: Don't contact me again  
G  
And what a strange coincidence  
Your grandma died and died again  
D
