

Sabrina Carpenter - Such A Funny Way

tom:
D
G
Must be that you want me
So much that you don't have the words
G
Keep me far from friends and family
D A
Baby, that's just one of your quirks
G
And if distance makes you fonder
D A
I'm flattered by the distance you seek
G
Yeah, you know just how to thrill me
A7
Oh, honey, how you kill me
D D
You have such a funny way
Bm
Of saying: I love you
G
Forgetting me more every day
Em A7
It gets me every time
D D7
When I call you, but you're not replying
Bm
Oh, I'm sure you're busy 'cause you're trying
G D Em
To show me I'm the girl you long for every day
A7 D
You have such a funny way
(G D)
G
My sweater from the night we met
How sweet that you're returning it
D
Oh, what a lovely sentiment
You said: Don't contact me again
G
And what a strange coincidence
Your grandma died and died again
D
