Am
haunt me
            E
in my dreams

if you please

your breath is with me

now and always

it's like a breeze

so should you ever doubt me

if it's help that you need

never dare to doubt me

and if you want to sleep

i'll be quiet
                Am
like an angel
              E
as quiet as your soul could be

if you only knew
                          E
you had a friend like me

so should you ever doubt me

never dare to doubt me
