

# Sage Act - 2000's

Tom: A

m

Let me be your insight  
 Let me be your eyes closed  
 Instead of fire I could easily be gold  
 Let me be your mouth full  
 Let me be your outcome  
 And if I bother could you please let me know  
 Let me be your night full of darkest terrors  
 Let me be your cloud when the sun is up  
 If we don't share all this mess together  
 Nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive

[Refrão]

Burning all the gates as we finally arrive  
 Knocking at the door might just get us on time  
 You know the way but you need to get up  
 Barriers are not so easy to climb

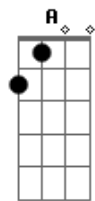

You see there's always a way out

Stop holding things to your inside  
 I know is harder to do that  
 But is so blissful to do that  
 The world is living a dark night  
 So many trouble around us  
 So many people around us  
 Don't say good morning to others  
 We are always on a rush to get new things  
 We are always on a rush to get prettier  
 But we get stuck everytime though  
 And the ego put a lock, this is so strong  
 We don't pay a woman the same, don't you shout it out loud  
 Such a natural cause  
 As we finally arrive  
 Cause nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive  
 Nobody will know that we were alive

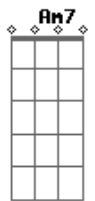

[Refrão]

Burning all the gates as we finally arrive  
 Knocking at the door might just get us on time  
 You know the way but you need to get up  
 Barriers are not so easy to climb
