

Sailor Moon - Heart Moving (Brasileira)

tom:

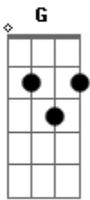

G

Nos meus sonhos vejo você aparecer
 Mil estrelas a nos proteger
 Estaremos sempre juntos você e eu
 E mais nada irá poder nos separar
 De repente num passe de mágica

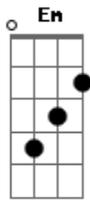

Unindo os corações de nós dois

Nada mais interessa
 Não vou querer ninguém depois
 A esperança de ter você comigo aqui
 Faz o sonho realidade
 Te amando pra sempre eu quero viver
 E as estrelas a nos proteger
