

## Saja Boys - Your Idol

```
Uh, ?? ?? fame, ?? ??, I'm your idol
                tom:
                                                                Thank you for the pain 'cause it got me going viral
                Fm
       Fm
                                                                Uh, yeah, ?? ?? fever, makin' you a believer
Pray for me now
Pray for me now (dies irae)
                                                                ?? ?? ? ???? ???
Pray for me now (illa)
                                                                Don't let it show, keep it all inside
Pray for me now (vos solve in)
                                                                The pain and the shame, keep it outta sight
Pray for me now (favilla)
Pray for me now (maledictus)
                                                                Your obsession feeds our connection
Pray for me now (erus)
                                                                ? ?? Give me all your attention
Pray for me now (in flamas)
                                                                You know I'm the only one who'll love your sins
Pray for me now (eternum)
                                                                Feel the way my voice gets underneath your skin
I'll be your idol
                                                                Listen 'cause I'm preachin' to the choir
Keeping you in check (uh), keeping you obsessed (uh)
                                                                Can I get the mic a little higher?
Play me on repeat, ??? in your head
                                                                Gimme vour desire
Anytime it hurts (uh), play another verse (uh)
                                                                I can be the star you rely on (you rely on)
I can be your sanctuary
                                                                ? ??? ??, You can't look away (yeah)
Know I'm the only one right now (now)
                                                                Don't you know I'm here to save you?
I will love you more when it all burns down
                                                                Now we runnin' wild
More than power, more than gold (yeah)
                                                                Yeah, I'm all you need, I'ma be your idol
Yeah, you gave me your heart, now I'm here for your soul
                                                                Be your idol
I'm the only one who'll love your sins
                                                                Living in your mind now
Feel the way my voice gets underneath your skin
                                                                Too late 'cause you're mine now
Listen 'cause I'm preachin' to the choir
                                                                I will make you free
                                                                When you're all part of me
Can I get the mic a little higher?
Gimme your desire
                                                                (Listen 'cause I'm) Preaching to the choir
I can be the star you rely on (you rely on)
                                                                (Now) Can I get the mic a little higher?
? ??? ??, You can't look away (hey)
                                                                Gimme your desire
Don't you know I'm here to save you?
                                                                Watch me set your world on fire
Now we runnin' wild
                                                                ? ??? ??, You can't look away (hey)
Yeah, I'm all you need, I'ma be your idol
                                                                No one is coming to save you
IJh
                                                                Now we runnin' wild
Uh
                                                                You're down on your knees, I'ma be your idol
```
