

Maaya Sakamoto - Waiting for the Rain

```
tom:
               Ab
                               Bm
I?m waiting for the rain
I?m bracing for the thunder
A twig that wouldn?t sway
In the wind
Awaken from a dream
Arising from a slumber
              Bm
I?m far away from home
   Α
On my own
Dm
       C
Hear my yearning
See the crimson flame
    Dm
Like a ruby
       Fh
It?s the hope
In my eye
         Eb
If you go away
And I don?t see you anymore
I still wouldn?t sway
But I?d be
Gm
Missing you
Now don?t be afraid
        Bb
You the flower couldn?t sting
               Dm
You can hide in my shade
Or maybe I
Could I be safe
   D
In yours?
A moment left to bloom
```

```
I wither by the morning
Can we be staying here
     Α
For a while
Dm
Hear my yearning
See my raging light
      Dm
It?s my token that we won?t
Say goodbye
If you go away
And I don?t see you anymore
I still wouldn?t sway
But I?d be
Gm
Missing you
Now don?t be afraid
        Bb
You the flower couldn?t sting
You can hide in my shade
Or maybe I
Would go away
And I don?t see you anymore
I still wouldn?t sway
But I?d be
Missing you
Now don?t be afraid
   Bb
We are lasting yet awhile
I will give you a day
Or maybe I
Could I have one
    D
Of yours?
I?m waiting for the rain
```
