One day I will
Get drunk and txt you
And I'll say
And I'll say
That I want you
Lets get coffee
When you're down
When you're down
Yeah you scare me
The nicest person
I will wait

I will wait
Dali said that
You want me also
Will you say
Will you say
I thought no one would think about me
But it's not surprising that
You thought about me
I thought
You'd feel like an ocean all reactive
And lucid in emotion why'd you think
About me
