Sam Hunt - Take Your Time

Tom: B
Intro: Abm   Dbm

Abm
I don't know if you were looking at me or not, You probably
smile like that all the time
                                                        Dbm
And I don't mean to bother you but I couldn't just walk by,
And not say hi
Abm
And I know your name, 'cause everybody in here knows your
name,
And you're not looking for anything right now
                                              Dbm
So I don't wanna come on strong, But don't get me wrong Your
eyes are so intimidating
Abm
My heart is pounding but, It's just a conversation, No girl
I'm not gunna waste it
                      Dbm
You don't know me, I don't know you but I want to

Chorus:
B   Ebm
I don't wanna steal your freedom, I don't wanna change your
mind
Abm   E
I don't have to make you love me, I just want to take your
time

you're trying to be nice
And some guys getting too close
                      Dbm
Tryin to pick you up, Trying to get you drunk
Abm
And I'm sure one of your friends is about to come over here
Cuz she's supposed to save you from random guys
                                      Dbm
That talk to much and wanna stay too long, It's the same old
song and dance but I think you know it

well
Abm
You coulda rolled your eyes, Told me to go to hell, Coulda
walked away
                          Dbm

where it goes

mind
