

Sam Palladio & Clare Bowen - Fade Into You

Tom: D

Bm Bm
 If you were the ocean and I was the sun
 If the day made me heavy and gravity won
 If I was the red and you were the blue
G E7 Bm Bm
 I could just fade into you

Bm Bm
 If you were a window and I was the rain
 I'd pour myself out and wash off the pain
 I'd fall like a tear so your light could shine through
G E7 Bm
 Then I'd just fade into you
Bm Bm
 In your heart, in your head
G E7 Bm
 In your arms, in your bed under your skin
Bm
 Til there's no way to know where
G E7 Bm
 You end and where I begin

Bm Bm
 If I was a shadow and you were a street
 The cobblestone midnight is where we first meet
 Til the lights flickered out, we dance with the moon
G E7 Bm
 Then I'd just fade into you

Bm Bm

In your heart, in your head
G E7 Bm
 In your arms, in your bed under your skin
Bm
 Til there's no way to know where
G E7 Bm
 You end and where I begin

Bm Bm G
 I wanna melt in I wanna soak through
E7
 I only wanna move when you move
Bm Bm G
 I wanna breathe out when you
E7
 Breathe in then I wanna fade into you

Bm Bm
 If I was just ashes and you were the ground
 And under your willow they laid me down
 There'll be no trace that one was once two
G E7 Bm
 After I fade into you

Bm Bm Bm Bm
 00000 00000 00000
G E7 Bm
 Then I just fade into you
Bm Bm Bm Bm
 00000 00000 00000
G E7 Bm
 Then I just fade into you
