

Sam Smith - I've Told You Now

Tom: G

Am G
You know what I mean
D Em Bm C G
It's like walking in the heat all day with no water
Am G
It's like waiting for a friend
D Em Bm C G
Watching everybody else meet theirs on that corner
Am G
Or losing in an argument
D Em Bm C G
Although you're right can't get your thoughts in order

Am
Still I refrain
From talking at you, talking on
Bm
You know me well
B C
I don't explain

Em Am
But what the hell
C G
Why do you think I come 'round here on my free will?
G D
Wasting all my precious time
C B
Oh, the truth spills out
Am C
Do all I've
B Em Am
I've told you now

Am G
You know what I mean
D Em Bm C G
Although I try my best I still let down the team
Am G
You're everything I want,
D Em Bm C G
Why should I resist when you are there for me?'
Am

Still I refrain
From talking at you, talking on
Bm
You know me well
B C
I don't explain

Em Am
But what the hell

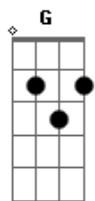

C G
Why do you think I come 'round here on my free will?
G D
Wasting all my precious time
C B
Oh, the truth spills out
Am C
Do all I've
B Em Am
I've told you now

Bm C G
I've told you now
Em Am
And I've told you now!
Am Bm C G
And I've told you now!

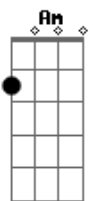

Am
Still I refrain
From talking at you, talking on
Bm
You know me well
B C
I don't explain
Em Am
But what the hell

C G
Why do you think I come 'round here on my free will?
G D
Wasting all my precious time
C B
Oh, the truth spills out
Am C
Do all I've
B Em Am
I've told you now
