

# Sam Smith - Say It First

Tom: A

m

I never feel like this  
 I'm used to emptiness in my heart  
 And in my arms  
 You're not what I'm used to  
 You keep me guessing with things that you do  
 I hope that they're true

[Pré-Refrão]

'Cause I'm never gonna heal my past  
 If I run every time it starts  
 So I need to know if I'm in this alone

[Refrão]

Come on baby, say it first  
 I need to hear you say those words  
 If I'm all that you desire, I promise there'll be fire  
 I need to hear you say it first  
 Come on baby, do your worst  
 I know you'll take me higher

So come on darling  
 If you love me, say it first  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it, say it, say it  
 Won't you say it to me?

[Segunda Parte]

I know you're right for me  
 But I'm waiting for everything in your world  
 To align with my world  
 I think of you while I sleep  
 I dream of what we could be if we grow  
 Together unfold

[Pré-Refrão]

'Cause I'm never gonna heal my past

If I run every time it starts  
 So I need to know if I'm in this alone

[Refrão]

Come on baby, say it first  
 I need to hear you say those words  
 If I'm all that you desire, I promise there'll be fire  
 I need to hear you say it first  
 Come on baby, do your worst  
 I know you'll take me higher

So come on darling  
 If you love me, say it first  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it first  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it, say it, say it  
 Won't you say it to me?

Come on baby, say it first  
 I need to hear you say those words  
 If I'm all that you desire, I promise there'll be fire  
 I need to hear you say it first  
 Come on baby, do your worst  
 I know you'll take me higher

So come on darling  
 If you love me, say it first  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it, say it, say it  
 Won't you say it to me?  
 Say it, say it, say it  
 Won't you say it to me?
