tom:

G

[Refrão]

Bbm Ab  
Boo, I need you around

Gb  
The pressures getting way too heavy now

Gb Ab  
And you should know that I'm not ready (no)

Bbm Ab  
Not good at being alone

Gb  
I know you know that I am empty now

Gb Ab  
Getting to sleep so very rarely now

Bbm Ab  
We on different paths

Gb  
I've known that for some time

Gb Ab  
Girl this shit's so sad and it's like every night

Bbm Ab  
This home just ain't a home

Gb  
I know you broke my heart so gently

Gb Ab  
How does missing you just feel unhealthy now?

[Primeira Parte]

Bbm  
I could be chillin'

Ab  
With a girl that inspires inner brilliance

Gb  
Now she's off on her own in the distance

Gb  
I can't hit her on the phone for assistance

Ab  
Though I've been wishing

Bbm  
This could be different

Ab  
I ain't got time to be ignorant

Gb  
But I can't cut you off like Vincent

Gb  
So I try my best to keep distant

Ab  
Fight off the system

Bbm  
That makes me the victim (uh)

Ab  
It's like a fall of a kingdom

Gb  
Held it up but it's now just a prison

Gb  
I can't leave my house without missing

Ab  
All of our visions

Bbm  
This is a sickness

Ab  
Or am I just a witness

Gb  
Or could I put an end to this business

Gb  
Tie my shoes and walk out of this stillness

Ab  
Ain't got the fitness (no)

[Pré-Refrão]

Bbm Ab  
I don't need a lot

Gb  
I just want the best now

Gb  
This been at my neck now

Ab  
I've been feeling low

Bbm Ab  
Hate the way it's gone

Gb  
My life's such a mess now

Gb  
Can't deal with the stress now

Ab  
I've been feeling...

[Refrão]

[Segunda Parte]

Bbm Ab  
Bottling up all of my own soul

Gb  
Getting over it (I don't know)

Imma be straight

Gb  
This ain't been great

Ab  
It feels like I'm dying but it's so slow

Bbm Ab  
Waking me up with that "morning boo"

Gb  
Thinkin' 'bout that and I feel so blue

Maybe I'll wait

Gb  
And this is just fate

Ab  
Or am I just sitting in my own tomb?

Bbm  
This ain't my life

Ab  
And it's not right

Gb  
I'm thinkin' 'bout you all of my night

I wanna catch flights

Gb  
But I don't like

Ab  
The fear to fall or what that ignites

Bbm  
You were type

Ab  
Not one of my stripes

Gb  
I think of you and I get good vibes

At least before you went out of sight (yeah)
