

Samuel J - Behold The Light

tom:
 Db (forma dos acordes no tom de Bb)
 Capotraste na 3ª casa
 Intro: C G D Em Em C G
 Oo Haie

[Primeira Parte]

So we stand now to see the Earth rise
 Holding our hearts in these times
 Let go of all these tears
 Release now all the fear

[Refrão]

Behold the light now in you
 Let it rise up, let it come through

Behold the light now in you
 Let it rise up, let it come through

[Segunda Parte]

So we can be united like the sun beams
 Unafraid to believe now in this dream
 Protection of the Earth seedlings
 So all generations can go on breathing

[Refrão]

Behold the light now in you
 Let it rise up, let it come through

Behold the light now in you
 Let it rise up, let it come through

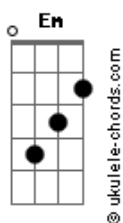

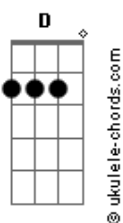

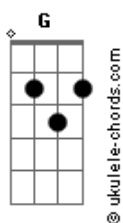

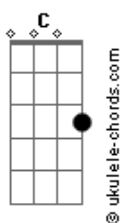

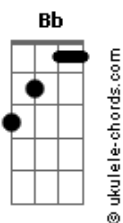

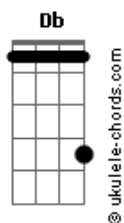

[Segunda Parte]

See the hatred start now to simmer down
 Arms be placed upon the ground
 See now the pain dissolved by love
 For there's angels in us

[Ponte]

Look to the depth of our eyes not skin
 Connecting with our soul and the power

Acordes

Within

Unite all the voices. -together we sing
 As the birds now joining in

[Refrão]

Behold the light now in you
 Let it rise up, let it come through

Behold the light now in you
 Let it rise up, let it come through

[Terceira Parte]

So even children left now all alone
 They will find a rock; they will find a
 Stone

It's one world responsibility
 And all rivers are made from streams

We all can heal these wounds
 Healing it starts with you
 Even if this world now is breaking

You can bring a light vibration
 You can bring a light vibration
 You can bring a light vibration
 You can bring a light vibration

Wahe Guru
 Wahe Guru

Wahe Guru
 Wahe Guru
 Wahe Guru

(Wahe Guru continues in background while
 The final chorus is played)

[Refrão]

Behold the light now in you
 Let it rise up, let it come through

Behold the light now in you
 Let it rise up, let it come through
