

# Sanctus Real - 'Til I Got To Know You

tom:

**G**

I tried perfecting myself

**Am F C G**

Would you love me more without my mistakes?

**Am F C G**

I tried not to ask for your help

**Am F G**

'Cause I didn't wanna scare you away

**F C G**

Yeah I was always worried I was gonna let you down

**F C G**

Oh it felt like I was standing in between the lost and found

**F**

'Til I got to know you

**C**

You

**G F**

I was out of place 'til you found a way to break through

**C**

It's true

**G**

I was just a sceptic

**F C**

'Til I got to know you

**G**

You-

**Am F C G**

And it's hard accepting your breaks

**Am F G**

In a world where nothing's free

**Am F C G**

For so long I was afraid

**Am F G**

That you'd only see the worst in me

**F C G**

Yeah I was always worried you were gonna figure out

**F C G**

That I wasn't what you wanted, wasn't worth being around

**F**

'Til I got to know you

**C**

You

**G F**

I was out of place 'til you found a way to break through

**C**

It's true

**G**

I was just a sceptic

**F C**

'Til I got to know you

**G**

You

**F C G**

And you have always been on my side

**F C G**

I finally see it

**F C G**

It took so long to believe it

**F C G**

'Cause I was always worried I was gonna let you down

**F C**

'Til I got to know you

**G**

Ooh

**F C G**

'Til I got to know you, you, you

**F**

'Til I got to know you

**C**

You

**G F**

I was out of place 'til you found a way to break through

**C**

It's true

**G**

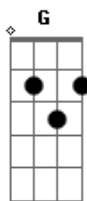

I was just a sceptic

**F C G**

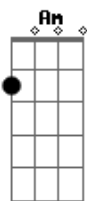

'Til I got to know you

[Final] **F C G**
