

Sandoval Barbosa Rodrigues - You Can Take Control

tom:
 Capostraste na 4ª casa

In the shadows of doubt, I once stood
 Lost in the maze of life, misunderstood
 But I found a fire within my soul
 A strength that whispered, "You can take control"

Through the storms and the darkest night
 I held onto hope, I fought the fight
 With every scar, I learned to heal
 Embracing the pain, my truth revealed

I rise, I soar
 Like a phoenix in flight
 From the ashes of struggle
 I've come alive

This is my story of how I survived
 This is my story of how I survived
 This is my story of how I survived
 This is my story of how I survived

A broken road, paved with shattered dreams
 Yet I gathered the pieces, stitched the seams
 Through tears and sweat, I rebuilt my soul
 Found strength in the broken, took back control

There were moments I stumbled, moments I fell
 But with each setback, I found my inner yell
 I rose from the depths, a fighter reborn
 A warrior of life, no longer torn

So here I stand
 Stronger than before
 A testament to resilience
 An open door

This is my story of how I survived
 This is my story of how I survived
 This is my story of how I survived
 This is my story of how I survived
