

Sandoval Barbosa Rodrigues - You Can Take Control

tom:
Capostrate na 4ª casa

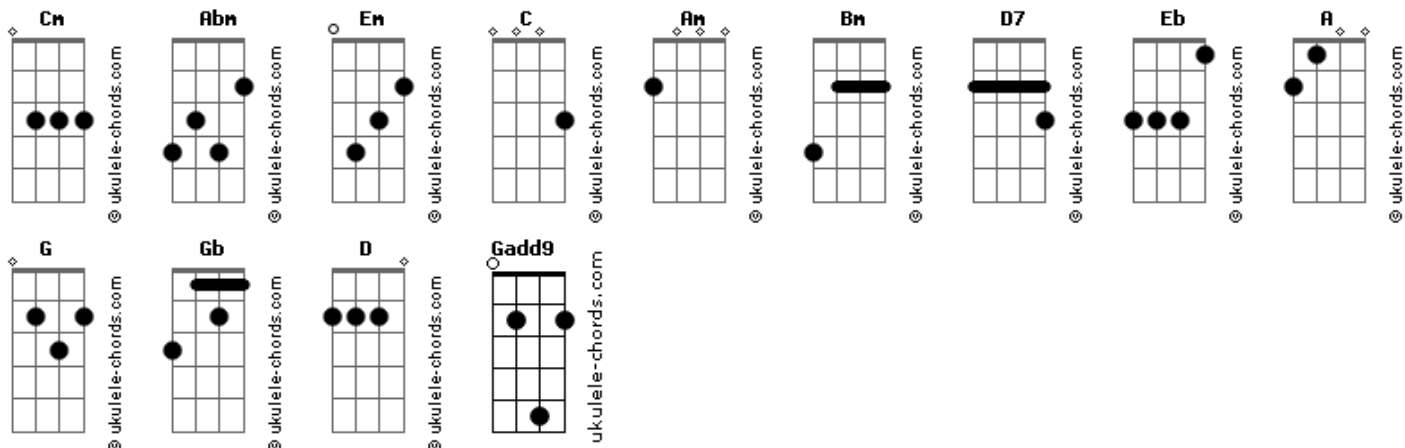

In the shadows of doubt, I once stood
Lost in the maze of life, misunderstood
But I found a fire within my soul
A strength that whispered, "You can take control"

Through the storms and the darkest night
I held onto hope, I fought the fight
With every scar, I learned to heal
Embracing the pain, my truth revealed

I rise, I soar
Like a phoenix in flight
From the ashes of struggle
I've come alive

This is my story of how I survived
This is my story of how I survived
This is my story of how I survived
This is my story of how I survived

A broken road, paved with shattered dreams
Yet I gathered the pieces, stitched the seams
Through tears and sweat, I rebuilt my soul
Found strength in the broken, took back control

There were moments I stumbled, moments I fell
But with each setback, I found my inner yell
I rose from the depths, a fighter reborn
A warrior of life, no longer torn

So here I stand
Stronger than before
A testament to resilience
An open door

This is my story of how I survived
This is my story of how I survived
This is my story of how I survived
This is my story of how I survived
