

Sandro Coelho - Pétalas Caídas

tom: [Intro] G D Em

D C D7 G

Minha flor partiu, era uma março abafado
Mas meu peito magoado sentiu muito frio

Flor do meu jardim, os rumores já haviam
Mas teus olhos não diziam coisas tristes para mim

E no meu coração além desta saudade
Pétalas caídas que nos unem para a eternidade

(Minha flor partiu
Para nunca mais
Mas do meu coração

Não sairás jamais)

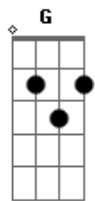

Não vou esquecer minha flor querida
Enfeitavas minha vida com teu bem querer

Sei que hoje onde ela está
É uma estrela da constelação
Que vai me guiar
É um lugar além dos sonhos
Onde poucos vão chegar
Onde um dia espero te encontrar
