# Sandy e Junior - This Is Me

Tom: C
Intro: C F (2x)

(C F)
Some people go through their lives
Lost in confusion-yeah
Pretending to be something else
Creating illusion-yeah
But how can you find the love you need
If the vibes you giving ain't real
What you see is what you get-it's no big deal
So step out into the light of day
     F   Em   G
And say what you mean and let your soul be free

CHORUS:
(C F)
Say what you say
And do what you do
Be proud of yourself
There ain't no-one like you
Don't give in to hate
Let love be the key
Stand up and say: this is me
Say: this is me

(C F)

Some people worry too much
What others are thinking-yeah
But you got to remember one thing
It's not your life they're living- no, no
What have you got to lose by being honest with yourself
Find out who really are your true friends
So step out into the light of day
     F   Em   G
And say what you mean-and let your soul be free

CHORUS

Say what you mean
Say this is me
Say what you mean
