Intro: E A B A A B A

There's a hole in my heart
It's a big empty space
Every day just gets harder since you went away
And I try to hold on
Cause I know there will be
A time and a place when you'll come back to me
Without you don't know how I exist
Never thought I could miss you like this

And it's so bittersweet
Not a thing I can do
Everything that I see just reminds me of you

How I wish that the world could be smaller today
How can I survive without your touch
Never thought I could miss you so much
