

## Sandy e Junior - Words are not enough

```
Tom: G
Intro: G
I think I heard it 'bout a thousand times or more
            Am Am7 D D7
Don't you bother wasting time
You're telling me you're so much better than before
                  Am7
But I find it hard believin'
             D7
Until you prove me wrong
If you really want my love C C D7
If I'm all you're dreaming of
You may find it tough
               D7 G C D D7
Cause words are not enough
I wouldn't ever make the same mistake again
       Am Am7 D D7
Don't wanna be nobody's fool
I wouldn't play a losing game when you can't win
                          Am7
There ain't nothing that I'm missing
                   D7
So you better prove me wrong
```

```
If you really want my love
If I'm all you're dreaming of
You may find it tough
                D7
Cause words are not enough
You Know it ain't easy
To find a new way
After everthing that we've been through
So come on and please me
And show me I'm wrong
             G
Let me see you bring the best out of you
If you really want my love
If I'm all you're dreaming of
You may find it tough
               D7
Cause words are not enough
```
