

Sara Bareilles - One Sweet Love

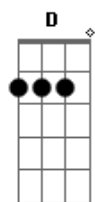

Tom: D

D Em G D
Just about the time the shadows call
G I undress my mind and dare you to follow
Paint a portrait of my mystery
G Only close my eyes and you are here with me
Em A nameless face to think I see
G To sit and watch the waves with me till they're gone
Em A heart I'd swear I'd recognize is made out of
C My own devices.. Could I be wrong?
[CHORUS]
D The time that I've taken
Em I pray is not wasted
G Have I already tasted my piece of one sweet love?
D Sleepless nights you creep inside of me
G Paint your shadows on the breath that we share
Em You take more than just my sanity
G You take my reason not to care.
Em No ordinary wings I'll need
D The sky itself will carry me back to you
Em The things I dream that I can do I'll open up
C The moon for you
G Just come down soon

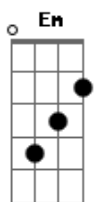

[CHORUS]

D Em G
The time that I've taken
D I pray is not wasted
Em G Have I already tasted my piece of one sweet love?
D Em G Ready and waiting for a heart worth the breaking
D But I'd settle for an honest mistake in the name of
Em G One sweet love.
A Savor the sorrow to soften the pain sip on
Bm The southern rain
A As I do, I don't look don't touch don't do anything
Em-Gbm G But hope that there is a you.
Em The earth that is the space between,
G I'd banish it from under me...to get to you.
Em Your unexpected love provides my solitary's suicide...
C oh I wish I knew
[CHORUS]
D Em G
The time that I've taken
D I pray is not wasted
Em G Have I already tasted my piece of one sweet love?
D Em G Ready and waiting for a heart worth the breaking
D But I'd settle for an honest mistake in the name of
Em G One sweet love.
D Em G One sweet love.
