Intro: Abm
(Mmm, no)

(Da da da, da da da, dum day)
[Primeira Parte]
Abm
Went home in the best of ways
Still smiling on the best of days
Rain falling 'til there's clear skies
Not looking for a reason why
Stay holy 'til you make it whole ('til you make it whole)
                                 Abm
Fast diamonds aren't the way to go (aren't the way to go)
When they sell you on the good life
They're eating from the withered vine
[Pré-Refrão]
Tell me where'd you go
             Abm
Won't you let me take control
I'm about to flip it up and tell you why
(Do ah, dah, do ah, dah, dah, ouuuuuu)
(Do ah, dah, do ah, dah, dah, ouuuuuu)
[Refrão]
Do you wanna know my name?
Do you wanna know my number?
All we gonna light the flame?
Or just feed into the hunger?
                     Abm
Do you wanna know my name?
Do you wanna know my number?
Are we gonna light the flame?
Acordes

All it takes is a little time
Sweet cherries and roses from the grape vine
Then you'll know you've got a good girl (know you got a good
girl)
Ahm
That loves you when you're living on the real world
          Abm
Oh, oh, oh oh, yeah, yeah yeah yeah
I'll love you 'til karma gets me for my ways
