

# Sarah Cothran - As The World Caves In

tom:

**G**

My feet are aching **G**

And your back is pretty tired **C**

And we've drunk a couple bottles, babe **G**

And set our grief aside **C**

The papers say it's doomsday **G**

The button has been pressed **C**

We're gonna nuke each other up boys **G**

'Til old Satan stands impressed **C7M**

**Am** And here it is, our final night alive **B7**

And as the earth burns to the ground **Em** **B7** **G**

**A** Oh girl it's you that I lie with **C7M** **Cm7**

As the atom bomb locks in **G** **B7**

Oh, girl it's you I watch TV with **C7M** **Cm7**

As the world, as the world caves in **G** **B7** **C7M** **C**

**G** You put your finest suit on

**C** I paint my fingernails

**G** Oh we're going out in style babe

**C** And everything's on sale

**G** We creep up on extinction

**C** I pull your arms right in

**G** I weep and say goodnight love

**C** While my organs pack it in

**Am** And here it is, our final night alive **B7**

And as the earth burns to the ground **Em** **B7** **G**

**A** Oh girl it's you that I lie with **C7M** **Cm7**

As the atom bomb locks in **G** **B7**

Oh, girl it's you I watch TV with **C7M** **Cm7**

As the world, as the world caves in **G** **B7** **C7M** **C**
