

# Schur - Insomniac

tom:

**Dm**

I take my coffee black and my life too seriously

**C**

I've never been a dreamer I'm an insomniatic sleeper

**Gm**

I'll lay down wishing I was upright

**Bb** **C**

Closed eyes waiting on the daylight

**Dm**

Wake up with no sheets on my bed

**C**

Got goosebumps in my arms and my legs

**Gm**

I'll cheer up 'cause I don't fuck with dread

**Bb** **C**

As I'm sweet talked by the voice in my head

That says

**Dm** **C**

Today I say we make a fucked up melody

**Gm**

I can hear in my head a song that's a

**Bb** **C**

Little too sweet for my liking

**Dm** **C**

Today I say we make a fucked up melody

**Gm**

I can hear in my head a song that's a

**A**

Little too sweet and it goes

**Bb** **F**

Lonely nights I'm falling

**C** **G**

Falling from my window, yeah

**Bb** **F**

Can you hear me calling?

**C** **G**

Calling for assistance

**Bb** **F**

Walk a night in my shoes and find

**C** **G**

That I've lost my peace of mind

**Bb** **F**

Yeah I laid back and lost track

**C** **G**

Of any memories that could close my eyes

**Dm**

I'd like to think that who we are

**C**

Extends as far as the day

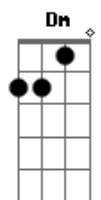

**Gm**

And in the night, we come alive

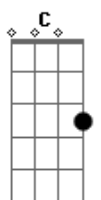

**Bb** **C**

And tuck the other man in the grave

**Dm**

But I don't think it's pitiful

**C**

'Cause in the night we sing

**Gm**

And sure the song ain't always calm

**Bb** **C**

But no one's listening so

**Dm** **C**

Tonight I'd like to write a fucked up melody

**Gm**

I can hear in my head a song that's

**Bb** **C**

A little too sweet for my liking

**Dm** **C**

Tonight I'd like to write a fucked up melody

**Gm**

I can hear in my head a song that's

**A**

A little too sweet and it goes

**Bb** **F**

Lonely nights I'm falling

**C** **G**

Falling from my window, yeah

**Bb** **F**

Can you hear me calling?

**C** **G**

Calling for assistance

**Bb** **F**

Walk a night in my shoes and find

**C** **G**

That I've lost my peace of mind

**Bb** **F**

Yeah I laid back and lost track

**C** **G**

Of any memories that could close my eyes

**Bb**

And I know sometimes

**F**

It's a troubled mind

**C** **G**

Who wishes that the falling would last

**Bb**

'Cause I take my time

**F**

As I live my life

**C** **G**

Crashing through a pane of glass

**Bb** **Dm**

So walk a night in my shoes and find

**G**

That I've lost my peace of mind

**Bb**

Yeah I laid back

**C**

I lost track

[Final] **Dm** **Bb** **C** **A**
