Fade out with Intro

The Text:

I look in your eyes, I really think you're fooling me
 You're pretty and nice, it doesn't matter don't you see
 'cause I falling in love, it happens to me every day

I'm falling in love, love just seems to slip away

I'm falling in love
 Ooh, oooh
 I'm falling in love
 Ooh, oooh
 I'm falling in love
 Ooh, oooh

Don't tell me your lies, I don't believe a word you say
 You do realize, I move around from day to day
 And I'm falling in love, it happens to me every day
 I'm falling in love, love just seems to slip away

I'm falling in love
 Ooh, oooh
 I'm falling in love
 Ooh, oooh
 I'm falling in love
 Ooh, oooh
 I'm falling in love
