                                                                        Am
                                                                              С
Intro: d= Am
                                                          this industrial city
                                                                     G
                                                          Is heartland even though
      Α
                 Dm
Under suburban skies
                                                                            G
                                                          Dm
                                                                                   Am
                                                          life's been not that pretty
        Am
where life is bleeding
           G
                                                                     Α
                                                                               Dm
where concrete skies are grey
                                                          i still keep coming here
      Dm
                                                                    Am C
there's plenty of room for dreaming
                                                          to that old river
                                                                  G
                                                          to find my roots just where
           Α
                     Dm
I still keep coming here
                                                          Dm G
the future lives forever
           Am
                 С
follow those traces
                                                                   С
       G
                                                                                G
I travel back in time
                                                          You find me, you find me
       G
 Dm
                       Am
remember all those places
                                                          you find me by the river
                                                                  С
                                                          you find me, you find me
           Α
                     Dm
Feels like I never left
                Am
                                                          you find me, you can find me
                        С
the house's still standing
                                                              F Dm
                                                          Am
                                                          by the river where dreams will never die
Am F Dm G
        G
down by the river where
                                                          by the river under suburban skies
 Dm
                 G
the dreams are never ending
                                                          Solo=(Am A Dm Am C G Dm G )2x
