Uh Uh

Every single day I was used to go to school

With my pens which colours were yellow and blue

I Have just lost them, So would you please

Let me know, in the case, if you find where it is

I tried to pretend, I had dropped it on ground

My teacher went crazy, came yelling around

Don?t be mad, chill out, I?ll be quick as can

I'll be back in a minute, with a brand new pen

Just because I've lost my last pen

Don't be mad, chill out, I'll buy another then

Id better be quick and buy another one, then
