

# Scott Stapp - Purpose For Pain

tom:  
Dbm

Intro: Dbm

[Primeira Parte]

Dbm  
I wait in the dark  
Through whispering winds  
I hide, lie in wait  
Because I know how it ends  
In circles of hell  
The weight of the world  
Even in my dreams  
I can't escape from myself

[Pré-Refrão]

Abm A  
I shut every door but the right one  
Abm A E  
I fought the devil and he won

[Refrão]

Dbm B  
There's gotta be more  
'Cause this life is insane  
Gotta turn this around  
And find the purpose for pain

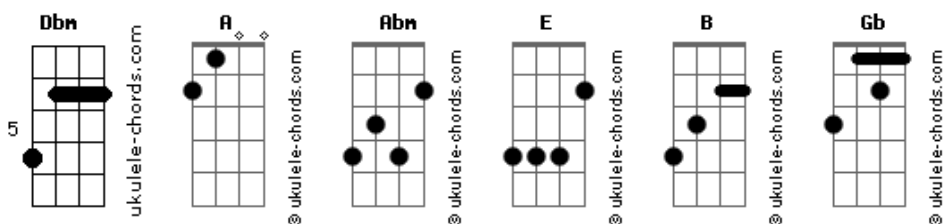

Dbm B  
There's so much to lose  
Yeah, there's so much at stake  
Gotta turn this around  
And find the purpose for pain  
The purpose for pain

[Segunda Parte]

Dbm  
Fell into the light  
Thrown from the abyss  
Screamed so many nights  
Not going out like this

[Pré-Refrão]
