

Seal - When A Man Is Wrong

Tom: E

Intro: .: (E) x3

The perils of loneliness
The pleasures of love

That we find

The arguments imminent
The look on her face

As we cry

There's nothing when you fall alone

There's hate when you fall by the side

You know that I didn't mean to hurt you love
I just need some light

On my life

But when a man is wrong

Facing all the mistakes

That he's done

There can be no right

Now if I was a holy man

And you were the devil song

And if I liked what you played

Does that mean you're right and I'm wrong?

You know, there's danger in a serenade, my friend

There's even love if you find what you want

And there's reason to be afraid

And reason to open your heart

But when a man is wrong

Facing all the mistakes

That he's done

There can be no right

Oh my friend
I sometimes get things wrong to get things right

Oh my friend

You know I sometimes get things wrong to get things right

Oh my friend

When I'm wrong

Facing all the mistakes that are done

When a man

When this man is wrong

There can be no right

There can be no right
