

Sean Curran - Nothing Gets Better (I'm Done)

tom:
Intro: Eb / / / | Eb / / / |

[Primeira Parte]

I've been searching for that feeling
I've been looking for that spark
The one I had when I was younger
The one I felt with all my heart

[Segunda Parte]

I'm reminded of that old song
The one the choir used to sing
Just a simple hallelujah
Would always bring me to my knees

[Refrão]

Hallelujah
Hallelujah
You remind me every time

Nothing gets better than this
Hallelujah
Hallelujah
I will sing it all my life

Nothing gets better than this

[Turnaround]

Eb / / / |

[Terceira Parte]

I've seen spectacles in Your name
I've seen manufactured thrones
But they always left me wanting
Always longing for my home

[Quarta Parte]

I know I'm still so prone to wander
Help me wander to Your arms
Lead me right back to the altar
Lead me back to that old song

[Instrumental]

[Ponte]

I'm done giving half my heart
I'm done giving half my heart
You deserve the whole thing
You can have the whole thing
